Your local college comparison guide

We've done the homework for you.

See how UTS College Sri Lanka stacks up against other providers.

Compare first year experiences

Factor	UTS College Sri Lanka	Other providers
Curriculum	Same academic content, assessment and standards as UTS	Aligned with destination university but often adapted for local delivery
Class sizes	Small, personalised classes	Often larger lecture-style classes
Academic support	Dedicated academic support team and career guidance from first year	Support services available – vary by provider
Teaching style	Interactive, practical learning that mirrors Australian university approach	May be more traditional lecture and exam-based learning
Facilities	Purpose built modern campus in Colombo with small class labs and student hub	Vary – some share with local partners, others have smaller more traditional classrooms
Peer network	Each student cohort stays together into year 2 in Sydney – so they have a network of friends to move abroad with	Student cohorts may split across multiple destinations and intakes
Dedicated visa team	Yes – 100% success rates	Not all – under 90%
Scholarships available	Yes	Yes

Compare university destinations
