5 reasons to choose Australia's UTS

A young, innovative high-ranking university

UTS has surged ahead since we started in 1988. It's now Australia's top-ranking young university, and among the world's top 100 universities (putting it in the world's top 1%).

A practical advantage

Practice-based learning gives you an advantage in tomorrow's workplace. UTS works closely with industry to deliver highly practical learning which you can apply to the workplace from day one. Students experience real-world learning, internships, real-life simulations, and much more.

Connections with influential companies

UTS has more than 1,000 industry partners. This means you can tap into connections with companies like Atlassian, Microsoft, Siemens (and more) while you study.

Technology-led campus

Learn using next generation tools and technology. From the one-of-a-kind Science Super Lab and 3D Data Arena to the Manufacturing ProtoSpace and more, our innovative spaces are shaping the future.

Positioned in Australia's innovation hub

The UTS campus is in Sydney's largest entrepreneurial and technology precinct, where you'll find more than 60% of Australia's start-ups. Attend workshops hosted by tech leaders and entrepreneurs at the new A\$50 million Tech Central precinct.

Global brands UTS works with:

- Microsoft
- Atlassian
- Coca-Cola Amatil
- Deloitte
- Unilever
- American Express
- SXSW
- IBM

UTS course areas

UTS offers a choice of 209 undergraduate degrees, across the following study areas:

- Analytics and Data Science
- Business
- Communication
- Creative Intelligence and Innovation
- Design
- Architecture and Building
- Education
- Engineering
- Health
- Information Technology
- International Studies and Social Sciences
- Law
- Science and Mathematics
- Transdisciplinary Innovation

UTS fast facts

84% of undergraduate students undertake an internship or similar experience as part of their course

260,000+ alumni in 135+ countries to connect with

1,000+ industry partners from Atlassian to Siemens

800+ professional industry mentors

209 undergraduate degrees to choose from across 14 areas of study

180+ student clubs and societies with ActivateUTS

Highly qualified, industry experienced teachers.

Latest technology and facilities at our state-of-the-art campus in the heart of Colombo.

Exciting range of scholarships on offer for eligible students.

Benefits of first year at UTS College Sri Lanka

More affordable

Save on first year tuition fees without compromising the quality of your education.

More prep time

Starting locally gives you 12 more months with family to prepare for going abroad.

Ideal transition

Adjust to Australian university expectations without the additional stress of moving, adjusting to a new city, and learning a new culture.

Increases your chances of visa approval

Because you'll already be studying with a leading Australian education provider.

Join your classmates overseas

You can share your study abroad adventure with the same classmates you started with.

UTS College Sri Lanka campus

When you study with UTS College Sri Lanka, you'll study in a dedicated, brand new, six storey building right in the heart of Colombo.

The building replicates the collaborative, innovative learning spaces that are a feature of UTS and UTS College in Sydney.

Each classroom is light and airy, and each floor provides student breakout areas for collaborative work.

Campus features

A floor devoted to space for relaxing, eating, socialising, group work and presentations.

A learning centre equipped with computers to enable quiet work.

Small classrooms to allow for a more interactive learning experience.

New engineering and computer laboratories.

Library facilities (and access to UTS Library online).

Wi-Fi connectivity throughout.

The campus at **38 Thurstan Rd, Colombo**, is easily accessible by private or public transport.

Meet the Principal of UTS College Sri Lanka

Alison Hiscox is an experienced international education management professional with more than 25 years' experience in transnational education.

She has significant experience in managing university pathway programs and has previously held Principal and Academic Director positions in Sri Lanka, Kenya, Zambia and Australia and has managed and developed pathway programs in China and Myanmar.

With an extensive portfolio in education and academic quality, student services, marketing and management, Alison has led the UTS College Sri Lanka team since inception at the end of 2019. She is passionate about providing Sri Lankan students with the opportunity to study high quality Australian programs locally and ensuring that their experience is comparable to that of their peers at UTS College in Sydney, Australia.

Alison has been associated with Sri Lanka for the last 20 years and is proud to be the Principal of UTS College Sri Lanka where students are provided with both a world-class Australian education experience and a guaranteed pathway to the University of Technology in Sydney – the No. 1 young university in Australia (Times Higher Education Young University Rankings 2024).

Alison Hiscox
Principal

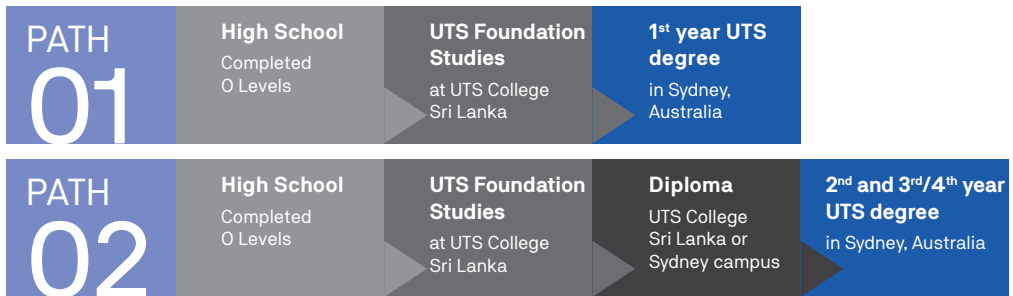

Our programs

Meet some of our students

“The state-of-the-art laboratory, facilities, support, and resources provided by UTS College Sri Lanka have prepared me well for my academic journey. I am now completing my second semester and excited to be able to transfer to UTS Australia to pursue my degree in mobile sciences.

‘For anyone wishing to transfer to Australia to do their higher studies I strongly recommend starting at UTS College Sri Lanka.’”

Dinu

Diploma of Science

“Before I joined UTS College I was clueless about my higher education. But my student counsellor and UTS College family showed me the correct pathway. The teachers have been so helpful in terms of how best to prepare for exams and assignments – they really put in the time to help you do well.”

Diyan

Diploma of IT

“The support I have received from the student counsellor, staff, and teachers has been phenomenal. They help improve your confidence and push you towards success. Choosing UTS College Sri Lanka has been one of the best decisions of my life.”

Sathmi

Diploma of Science
